NIGHT BATTLE FOUGHT

First Clash of Arms at Cripple Creek, Colorado.

BETWEEN MILITIA AND MINERS

Two Officers and One Miner Shot Dead and Three Other Miners Wounded—No Lives Lost in Friday's Mine Explosion—A Little Skirmish Occurs in Illinois—Latest From the Scenes of the Mining Troubles.

CRIPPLE CREEK, Colo., May 28.—The first clash of arms between the striking miners of the Cripple Creek district and the deputy sheriffs has occurred. William Rabideau, deputy, and another deputy, whose name is unknown, and Hiram Crowley, miner, were killed, and "Dynamite Shorty" and two other miners were wounded. Frank Mason, Fred Todd, D. D. Dunn, William Bailey and E. M. Hassell, miners, were taken prisoners by the deputies and are now held at their camp. Six of the deputies were captured by the miners during the fight, but are thought to have been released.

The trouble was precipitated in an endeavor on the part of the deputies to make a night march and gain possession of the city of Victor, with the intention of using it as a base of operations in future attacks on the miners. When the deputies retreated Friday afternoon, 85 armed miners were detailed to follow them and watch their operations, guarding against just such an attack as was attempted by the men.

The deputies retired but a short distance down the railway and encamped to await the arrival of the dark hour just before dawn before attempting their coup d'etat. The pursuing miners deployed in picket line and along the top of the hill from the railway to Nipple mountain. All was quiet until about 2:45, when the train bearing the deputies steamed down within a short distance of the miners' line and stopped.

The deputies disembarked 125 strong, and advanced on the miners in full force. They were met with volley after volley from the Winchester carried by the miners, and the fire was briskly returned. The night was dark, and much of the fire was wasted. The fighting waged fiercely for half an hour. The deputies finally succeeded in driving the strikers back.

Crowley was killed early in the fight by a bullet which entered his right cheek. After he fell his comrades, crazed with rage, fought more fiercely than ever. "Dynamite Shorty" having part of his right ear shot away, while one of the other miners had an arm broken by a ball. The third received three balls, but fortunately all were flesh wounds and not serious.

At what time during the fray the two deputies were shot is not known. Rabideau's body, containing three balls, one through the heart, was found near the railway tracks by the construction gang as they went to work. He evidently had been deserted by his comrades. The body of the other man was carried to the flats and sent to Florence.

It is now positively known that no lives were lost by the blowing up of the Strong shafthouse Friday. Samuel McDonald, superintendent; Charles Robinson, foreman, and Jack Vaughn, a workman, were in the second level of the mine at the time of the explosion, and remained there in safety until Saturday, when they were brought up by union miners, taken under guard to Bull Hill, and released on parole.

Every known newspaper representative has been ordered away from Battle Mountain and Bull Hill, and told not to return again at the peril of his life. P. J. Donahue of the Denver News was slow to obey and several guns were leveled at his head. The order has gone forth that not a line of information shall go out from here if it can possibly be prevented.

Special Agent Nikirk of the Florence and Cripple Creek railroad has just received word from President Johnson that the officers of the railroad have been notified by the miners' union that the company will not be permitted to run passenger or boxcars into the town of Victor, which is now the terminus of the road. The reason given by the men is that they want to know when deputy sheriffs and arms are sent in to use against them.

The miners appear to have the key to the situation. They number nearly 800, and are well armed and have an abundance of ammunition. On the other hand the sheriff's force is small in numbers and appears to be poorly officered and equipped. The strikers are ready to do battle with the armed deputies if any attempt is made to reopen the mines with nonunion men. It is questionable if an old campaigner could have selected a stronger position than that chosen by the miners on Bull Hill.

Bull Hill is quite a lofty peak. The sides of the mountain are very precipitous to within a short distance of the top, where they are perpendicular. The top of this mountain is perfectly level, and here it is that the fort has been constructed. From this point the entire valley can be seen and also the surrounding mountains. It is utterly impossible for a body of men to approach it from any direction and escape observation. So difficult is the approach that no body of men could hope to scale the mountain and dislodge the occupants of the forts unless many times greater than the party of defenders and then only with great slaughter and with a display of desperate courage.

Immediately beneath the fort is the Victor mine, where it can be easily fired upon. In the valley and on the sides of the adjacent mountains are the towns of Victor, Altman and Buena Vista and the Strong, Anna Lee and Independence mines, all within reach of modern artillery. The fort is well supplied with

food and ammunition, and the only thing that would weaken a long siege is lack of water. Whether the strikers have artillery or not is not definitely known.

From this stronghold the strikers, each of whom is heavily armed, watch every inch of ground within the range of vision, and go forth in squads to guard all passes and to run from the region all persons who are distasteful to them or who act in a suspicious manner. They believe they are fighting for their rights and shirk no danger, and no member of the regular army could be more imperative in his demands or to shoot down the man who fails to comply with them.

While the fort is at all times guarded by a force sufficiently large to hold it the scouting parties guard the passes, and still there are enough to swarm all over Bull Hill and give an immediate alarm of the approach of a body of men if, by any possibility, such body should escape the vigilance of those in the fort.

Town Marshal Baron has just received word from the strikers that if the prisoners held by the deputies were not released Sam McDonald, manager of the Strong and Anna Lee mines, would be killed, together with the other prisoners held by them. They are desirous of exchanging prisoners.

SMALL FIGHT IN ILLINOIS.

Not a Pitched Battle, but One Likely to Occur at Any Time.

LA SALLE, Ill., May 28.—There never was a time in the history of La Salle when excitement went so high as when a report was sent here that 700 miners from Ladd and Spring Valley, on a stolen train, were en route to La Salle for the purpose of calling a mass meeting of all the miners of this district to organize and force the militia out of this city.

As soon as the mob left Spring Valley Sheriff Taylor called on Colonel Bennet for all the militia he could spare and to advance in double-quick time to meet the invaders. The militia was formed in a few minutes and moved westward toward the expected battlefield.

The march was continued until the strikers were in sight at Peru, just inside the La Salle line at the western limits. Colonel Bennet ordered the militia to charge the strikers and place them under arrest, and then the wildest scene ever witnessed in Peru took place. The strikers ran in all directions, into houses, barns, sheds and down into cisterns—anywhere to avoid the militia.

The miners were all non-English speaking, and when the muskets were leveled at their heads and they were ordered to throw up their hands, some fell on their knees crying and praying.

Several shots were fired, and one man, James McCann, was shot through the left ear. About 75 were taken prisoners and the balance driven ahead out of the county.

At the county line those arrested were searched, and all who had not thrown their weapons away had them taken from them and placed in the guardhouse. Those who had no firearms on their persons were chased into Bureau county.

On the return march a Pole named Frank Popka, a desperate character who had taken a prominent part in the bloody riot of Wednesday last, was captured and put in the guardhouse, where he and the other prisoners will be kept until removed to Ottawa.

The mob that was dispersed went into camp just outside of the county line where they still remain. There next movement has not yet been learned. Since then there has been no disturbance here. It is known, however, that the comrades of the men arrested by the troops are very angry and have been organizing an armed mob to avenge the wrongs which they claim are being done to their fellow miners by their detention by the sheriff. Colonel Bennet and his command are well prepared for trouble and as an extra precaution the pickets are doubled at 7 o'clock in the evening. The men under arrest have many sympathizers in La Salle and Peru who will no doubt take part in any concerted action on the prospect of securing their release.

So far as this city is concerned, it is the universal opinion that the leaders will use every precaution to keep the foreigners from committing depredations, so long as the militia is here. Six of the prisoners taken by the troops at the instance of the sheriff and who were carrying concealed weapons at the time they captured the train at Ladd were sent out of camp yesterday morning and lodged in the county jail at Ottawa.

Word was received from Minonk that riotous miners had taken possession of the town and stopped trains on the Illinois Central railroad, which the railway officials were obliged to abandon, also that the sheriff of Woodford county had telegraphed to Governor Altgeld for troops, being unable to control the mob.

It is thought by the strike leaders, as well as the miners here, that the meeting of Mr. McBride with the Illinois coal operators at Springfield will have good results, and that a settlement of the strike would settle the rioting.

MORE TROOPS CALLED FOR.

Telegrams From Different Points in Illinois Sent to the Governor.

SPRINGFIELD, Ill., May 28.—The sheriff of Woodford county has telegraphed Governor Altgeld that a mob of striking miners is obstructing coal traffic on the Illinois Central road; that he and the municipal authorities have done all they could, and calling for help. He had sworn in a force of deputies, but had no arms or ammunition for them.

As the governor had shipped the last of the rifles in the state armory to Elmwood in the morning on a requisition from the mayor of that place, he ordered two companies of the Fourth regiment to start for Minonk at once to aid the sheriff. All is quiet at Minonk, but the miners refuse to allow coal trains to move.

The mayor of Elmwood wired that the town had been visited twice by mobs of

strikers and that he was informed that a much larger mob was on its way there. Assistant Adjutant General Bayle at Pana wires that everything is peaceful.

TYING UP COAL TRAINS.

Striking Miners Refuse to Allow Any Movement of the Black Diamonds.

TERRE HAUTE, Ind., May 28.—All trains on the Evansville and Terre Haute were held up at Shelby, south of this city, and examined yesterday by the strikers. When coal was found the cars were sidetracked. On the Big Four the trains were also held up and examined. The miners' wives are still in charge of Big Four coalchutes and refuse to let the company fuel its engines.

At Lyford, Ill., on the Chicago and Eastern Illinois, there was some excitement yesterday when a train crew from Danville, Ill., attempted to move a number of loaded coalcars captured from the Terre Haute men Saturday. The miners climbed on the cars and set the brakes refusing to let the coal be moved.

It is said here that this company, by the advice of its counsel, has decided to appeal to Governor Matthews to order out the militia in order to move the coal train of 24 cars now sidetracked at Clinton Locks, which the company desires to take to Danville for its own use.

This is the train from which the Terre Haute police officers were driven Saturday at the risk of their lives and which the striking miners declare shall not be moved from Clinton Locks.

General Solicitor Lyford of Chicago was here in consultation with the local counsel of the road, and it is said they consider the situation so grave that an appeal for troops will be made to the governor.

The 700 miners who came into this city bound for Pana, Ill., on a captured Big Four train, have all returned home to await the outcome of the Springfield operators' and miners' conventions.

Coal in this city has risen in price, and many industries have closed. The electric company and street railway companies are burning oil.

Growing Critical in Pennsylvania.

PITTSBURGH, May 28.—W. P. Bend of Chicago, operator of Jumbo mines in the Panhandle district, has given his miners a week to return to work or submit to having their places filled by imported negroes. He has stacks of Winchester and boxes of ammunition in his mine offices to enforce the resumption. The miners realize that if Bend could get these mines in successful operation it would practically break the strike and many of the men swear they will shoot the negroes if they are brought in.

Down in Alabama.

BIRMINGHAM, Ala., May 28.—Four more companies of state troops arrived yesterday to join the others that are already in camp at Insley City. There seems to be little change in the threatening situation. Saturday night a pitched battle without bloodshed occurred in which nearly 100 shots were fired. Saturday afternoon a shooting scrape between some negroes and miners in front of a church took place and Saturday night telephone wires at Pratt were cut.

BECOMING DEPLETED AGAIN.

Not a Very Bright Outlook For the United States Treasury.

WASHINGTON, May 28.—The present depleted condition of the treasury and the discouraging outlook for the future are a source of considerable anxiety to the officials of the treasury department. Already the gold reserve which has been brought up by the last bond issue to \$105,350,842 has been reduced by exportations since March 10 to less than \$50,000,000, with no indications that the foreign demand will cease until it has reached a much lower point.

With the exception of the gold reserve and counting every available dollar in the vaults in the treasury the government today has less than \$80,000,000 with which to meet its obligations; nor does the future show any signs of encouragement. On the contrary, the probable deficit of \$8,000,000 for the month of May is likely to be increased by \$15,000,000 during the two succeeding months.

The closest calculation that can now be made shows that the deficit for the fiscal year, ending June 30, will approximate \$74,500,000. Close estimates place the receipts for May at \$22,500,000 and the disbursements \$23,500,000. For June the receipts are likely to be about \$23,000,000 and the expenditures \$26,000,000, making the total receipts for the fiscal year \$291,509,749 and the disbursements \$365,757,197.

While it is confidently believed that the receipts for July will increase somewhat, yet it is much more certain that the disbursements will increase. A conservative estimate of the deficit for July is \$12,000,000, this increase being accounted for by the payment of many obligations including about \$7,500,000 in interest, that mature at the beginning of the fiscal year.

During June the pension payments will amount to about \$10,500,000, and during July to nearly \$11,750,000.

The exact amount of receipts and expenditures for the present month and for the fiscal year to date are as follows: Receipts for month to date, \$20,429,889; receipts for fiscal year to date, \$26,239,687. Expenditures for month to date, \$26,271,800; expenditures for fiscal year to date, \$337,538,106.

Gale Over Lake Superior.

DEER PARK, Mich., May 28.—A heavy northwest gale is raging on Lake Superior, accompanied by snowstorms. The tug Albert C. Smith was compelled to abandon her raft of many millions of feet of logs in midlake, as she could not make any headway with it, and was in some danger herself. The tug Samson also dropped her raft and came in for shelter.

EXPRESS TRAIN WRECKED.

Two Men Instantly Killed and Another Probably Fatally Injured.

PITTSBURGH, May 28.—Yesterday, as the Baltimore and Ohio express No. 9, westbound, reached the sharp curve at Pine Grove station, nine miles this side of Meyersdale, a terrible wreck occurred, in which two men were killed and another so severely injured that he will probably die. The train was 25 minutes late at Sand Patch and the engineer, in order to make up lost time, was running his engine at her limit, probably at a speed of 40 or 45 miles an hour.

A huge rock, weighing about 50 tons, had been loosened from above the road by the heavy rains of the past week and fell square across the tracks. Owing to the sharp curve at the scene of the accident the engineer could not see the obstruction until within a few feet of it, consequently the engine crashed into the obstruction with a terrific force, completely demolishing engine and tender, and wrecking three baggage cars.

The engineer, William Nicholson, aged 41, of Glenwood, Pa., was so badly crushed and burned that all of his remains to be found were gathered up and placed in a bucket.

William H. Reinhart, fireman, aged 23, of Glenwood, Pa., was burned and scalded to death.

O. E. Stahl, express messenger, of Baltimore, was badly scalded and sustained severe internal injuries; will probably die.

Fortunately no passengers were seriously injured, although many received a thorough shaking up.

The three express cars caught fire and were entirely consumed the passengers saw within 15 minutes. Three hundred and fifty feet of track were torn up and traffic was delayed for six or seven hours. The loss to the railroad and express company is not as yet known, but will be considerable.

FATAL SHOOTING AFFRAY.

One Man Killed and Another One Probably Fatally Wounded.

HOPKINSVILLE, Ky., May 28.—A fatal shooting affray took place Saturday night at a country store near Pilot Rock, nine miles east of here, resulting in one man being killed and another probably fatally wounded. Neel Edwards shot and instantly killed Samuel Martin, with whom he had some trouble.

Joe Martin, a brother of the man killed, and James G. Edwards, father of Neel, drew their weapons and began firing at each other. They continued until both pistols were emptied. James G. Edwards was fatally wounded and Neel Edwards' horse was killed under him. The affair has stirred up bad blood in the neighborhood and more trouble is feared.

SUNDAY'S RIOT.

Factional Church Fight Results in a Number of People Being Shot.

HAZLETON, Pa., May 28.—During a riot Sunday at St. Casimir's Polish church at Freeland, Victor Tipnoky and Peter Yosmoski were fatally shot, Jaues Travinski and Joseph Dutch were less seriously injured by the weapons of the police and Chief of Police James Gallagher and Officer Jones of the police force cut and injured by stones thrown by the crowd.

A factional fight has been waged for a year in the church, and yesterday the enemies of the pastor, Father Mazotos, attempted to prevent the men from firing the church. His police escort was attacked by the mob and the officers fired upon them.

Accident at the Austrian Derby.

VIENNA, May 28.—The Austrian derby was run yesterday. As the racers were nearing the winning post Finegyerck, one of the leaders, stumbled and fell. Five horses following struck the prostrate animal and all piled in a heap on top of it. Mixed up in the pile of frightened and kicking beasts were their jockeys. Truckhands ran to the assistance of the jockeys, who were finally rescued from their dangerous position. Not one of them was dangerously hurt, but two or three of the boys will not be able to again ride for some time. The race was won by Magnus.

Evidence Gone.

ROME, May 28.—All the documents which the public prosecutor had collected in connection with the prosecution of the directors and other officials and persons connected with the Banca Romana case have mysteriously disappeared and it is supposed they have been stolen.

Jail in Default of Bail.

CLEVELAND, May 28.—Zgrabik, the man who beat his wife, until she afterward died of her injuries, and nearly scalped his mother-in-law with an old rusty sword, was found hiding 15 miles in the country. He is in jail in default of \$1,000 bond.

Senator Gorman Improving.

BALTIMORE, May 28.—The latest news from Senator Gorman's home is that he is much better, and his physicians say that a few days of rest will now restore him. He got out of bed yesterday and went out for a short walk. His illness was the result of overwork and nervous prostration.

Smith Is a Heretic.

SARATOGA, May 28.—The Presbyterian general assembly confirmed the judgment of the Cincinnati presbytery, finding Professor Henry Preserved Smith guilty of heresy, Saturday evening, by a vote of 396 to 56.

Crooked Work Suspected.

CROWN POINT, Ind., May 28.—A sensation was created in the Roby prize fight cases by the report that one of the jurymen was seen in company with the defendants at a saloon. Crooked work is suspected.

TARIFF SCHEDULES.

Two Important, One Will Come Up This Week.

THEY ARE WOOD AND SUGAR.

When the Latter is Disposed of There Will Be Smooth Sailing Until the Income Tax Is Reached—The State Bank Bill Will Receive Nearly the Entire Attention of the House.

WASHINGTON, May 28.—The main interest in the proceedings in the senate this week centers in the prospective contest over the sugar schedule, which will probably be reached on Tuesday. The consideration of the metal schedule having been concluded Saturday the wood schedule is the only one now standing before sugar.

The principal debate on the wood schedule will be on the subject of lumber, which having been put on the free list when so many other articles of raw material are made dutiable will arouse animated discussion, but it is believed by the leaders on both sides of the senate chamber that it will be possible to dispose of the entire wood schedule today. It is also possible that their committee which is investigating the alleged operation of the sugar trust in connection with legislation may claim the attention of the senate for a portion of the week.

It is quite probable that the committee will report the refusal of the newspaper witnesses to testify in response to certain questions put by the committee, and ask for instructions from the senate. In the event that this report should be made today, as is probable, the report would lie over for a day and would probably lead to some debate.

The questions that such a report would raise are of a character to make foundation for a very animated and even a prolonged controversy, but as the Democratic senators are anxious that the tariff debate should be subjected to as little delay as possible, and the Republican senators profess not to be desirous of retarding progress, the question, if precipitated, may not receive the attention that it would under other circumstances.

There is also a possibility of adjourning over for Decoration day. The Republican opponents of the bill will probably suggest this adjournment, but the Democrats have not yet decided whether they will agree to the proposition.

Senator Jones expressed the opinion yesterday that the sugar schedule could be disposed of in two days, but their opponents do not think it can be gotten out of the way in so short a time. Senators on both sides of the chamber are looking forward to the vote on sugar with an interest that amounts almost to anxiety.

It is very evident that the result over this schedule will be regarded in a large measure as a test of the strength of the respective sides on the bill as a whole. If the committee amendments should be accepted the Democrats expect to have smooth sailing on other portions of the bill until the income tax shall be reached and are even hopeful that with sugar disposed of they will be able to get the opponents of the bill to name a day for taking the vote on the passage of the bill.

The Republican leaders say, however, that the bill, which from its nature requires to be discussed by schedules, and that it would be difficult for this reason to agree upon a day for vote and be sure that the consideration of the schedules would be completed by the time agreed upon. They say, however, that they will be willing to confer with the Democrats upon this proposition after the vote on sugar shall have been taken.

They claim now, as they have claimed from the beginning, that they are not disposed to resort to any tactics for the delay of the bill and most of them seem really willing now that the bill should be disposed of as soon as possible consistent with due attention to various interests affected by the schedules not yet considered.

After the sugar debate they probably will be no long speeches unless they be made on the income tax.

The Republicans probably will make the strongest effort in connection with the sugar schedule to have the bounty of the present law retained.

Program of the House.

WASHINGTON, May 28.—The coming week in the house will be much broken up by special orders and adjournments over Decoration day. The state bank debate will have the right of way, but it can get but three days in the week at the best. Today is District of Columbia day, and the state bank men have consented not to infringe on that day.

The bank bill will be taken up again tomorrow, when Representative Johnson will make the opening Republican speech in opposition to state banks, and Representative Cox will open for the unconditional repeal of the state bank tax. Representatives Warner of New York, Walker of Massachusetts, Raynor of Maryland and Harter of Ohio are also down for speeches, some of which will go over on account of Decoration day.

The bank question will get another day on Thursday, to be displaced, however, on Friday by private bills. The hopes of the state bank men are to close the debate, and if possible get a vote before the week closes.

The anti-option bill and the Indian appropriation bill are pressing for consideration, and one or the other of these will follow the state bank bill. It is hardly expected, however, that either of them can be reached during the coming week.

Fair weather, preceded in the early morning by showers; much cooler in south and extreme eastern portions; northwest winds.

Dux's weekly review of trade shows only 189 business failures throughout the United States during the past seven days, as against 259 the corresponding week of last year.

THE Washington correspondents who pretended to know so much about the alleged crooked work of the Sugar Trust in shaping the tariff bill refused to testify before the Committee of Investigation. The most reasonable construction to place on their action is that they didn't know near as much as they professed to know, and simply caught up and sent abroad idle rumors for the few paltry dollars that are in it for themselves.

Beer-Guzzlers.

Georgetown, O., News-Democrat: "The agent of the Gherke Brewing Company, who furnishes beer to our saloonist, says that seventy kegs of the amber fluid were consumed here on Hulick day, (Republican mass convention), and that it was drawn at the rate of 200 glasses to the keg. That makes 14,000 glasses of beer to 1,280 voters. Seven hundred dollars for beer alone indicates the price paid for 'indorsement.' Indorsements for a second term come high, seemingly."

The Goebel Law Unconstitutional.
In the Covington bridge cases the United States Supreme Court Saturday reversed the Kentucky Court of Appeals decision and declared the Goebel law unconstitutional. The court holds that the bridges are the arteries of interstate commerce and that the State alone has no right to fix the rate of tolls.

HE STOPPED TALKING.

Judge Sanfley Calls Down a Cincinnati Drummer Who Was Denouncing Kentuckians.

Last Friday night in the dining room of the Commercial Hotel at Harrodsburg, two Cincinnati drummers were engaged in an animated discussion of Kentucky politics. C. H. Hereford was telling Mr. Janey that Colonel W. C. P. Breckinridge was so debased by the exposure of his character in the trial at Washington that he would not be allowed to even walk down the street in any town in Ohio or Indiana, and that such men were allowed in no other State except Kentucky.

A large black-haired, black-eyed Kentuckian just opposite the two drummers arose from his seat at the table, and, with eyes flashing fire, shook his finger in the face of the loquacious drummer, exclaiming in language that could not be misunderstood: "You have said enough. I will not hear another word defamatory of my people!"

The speaker was Judge Mike Sanfley, of Stanford. Besides a large number of other guests in the dining hall at the time was the jury before which the white caps are being tried, and all knew that the Judge was no bluffer. His remarks created considerable excitement. Mr. Sanfley was United States District Judge for Wyoming during Cleveland's first term. He also served through the late war in John Morgan's command. In his remarks Hereford was very severe on Carlisle and Blackburn.

OBITUARY.

To the memory of our dear father, George W. Holliday.

A precious one from us has gone,
A voice we loved is stilled,
A place is vacant in our home
Which never can be filled.

God in His wisdom has recalled
The boon His love had given
And though the body moulders here
The soul is safe in heaven. E. A. W.

DR. APPELMAN is a graduate of Bellevue Hospital Medical College, New York City, and has had seven years experience in the great hospitals of that city. His wonderful work—

HUNDREDS of CURES,

have caused the old fogey doctors of the State so much uneasiness that for the past two years they have been doing all in their power to stop his practice. Shall the sick remain sick, and the suffering continue to suffer? Yes, says the general practitioner, rather than let Dr. Appleman help you. NO, says Dr. Appleman.

Come to Me and Be Cured if it is in My Power to do it.

John Whittington, 216 N. Walnut street, Maysville, says: "I have tried seven doctors and none have done me any good. Have not worked for six months. I am now able to work after one month of your treatment."

The doctors are astonished, and ask, "What is he doing?" Is that enough? H. H. King, Helena, M. D. Cord, Flemingsburg, Chas. Asbury, Maysville, L. L. Wells, Helena, and fifty others can and do speak of the good Dr. Appleman is doing. Consult this eminent Specialist on his coming visit. He treats

MASON COUNTY REPUBLICANS.

They Will Hold Precinct Meetings June 6th to Select Delegates to the County Convention.

The Republican meeting at the Council Chamber Saturday afternoon was largely attended. The room was crowded. The object of the meeting was to agree upon the manner of selecting delegates to the approaching Congressional convention at Augusta and also to agree upon the plan of nominating a county ticket.

Chief of Police D. P. Ort, Chairman of the Executive Committee, presided, and Mr. Sam T. Hickman officiated as Secretary.

After various suggestions were made and discussed, it was decided to hold precinct meetings Wednesday, June 6th, at 3 p. m., to select delegates to the County convention on Saturday, June 9th, when a county ticket will be named and delegates chosen to the Congressional Convention on June 12th.

Each precinct is entitled to one vote for every fifty votes and fraction over twenty-five cast for Harrison in 1892. According to the representation the precincts will be entitled to delegates as follows:

HAYSWOOD COMMENCEMENT.

The Exercises Will Be Held Next Week—Baccalaureate Sermon on Sunday Evening.

Next week will be commencement week at Hayswood. All the exercises will be of an unusually interesting and entertaining character. Sunday evening the Baccalaureate sermon will be preached by Rev. T. W. Watts of the M. E. Church, South, in the First Presbyterian Church. Tuesday evening the music class under the direction of its teacher, Miss Jennie Moore, and the physical culture class, under the control of Miss Carrie D. Hays, will occupy the stage of the opera house and furnish a most enjoyable entertainment in the way of music, physical exercises, etc.

The commencement exercises will take place Wednesday evening. Four young lady graduates will read essays, and these will be interspersed with excellent music by the music class. The roll of honor for the year will be read, and diplomas will be awarded to the graduates.

To pay for the rent of the opera house a general admission fee of 10 cents will be charged Tuesday and Wednesday evening, and reserved seats may be secured by the payment of five cents additional.

BASE BALL.

The Germantowns Failed to Show Up Saturday—Navys of Cincinnati Booked For Wednesday.

The Germantown boys failed to put in their appearance Saturday, and the crowd that went out to the fair grounds in the afternoon, anticipating an exciting game of ball, were, of course, greatly disappointed. About two hundred people were in attendance. The Regulars and a picked nine crossed bats, the latter team being downed by a good score.

The Regulars had repeated promises from the Germantown boys that they would be on hand, and just why they failed to keep their engagement is not yet known. The Regulars are not to blame at all.

The next game is announced for Wednesday afternoon, when the Regulars will cross bats with the Navys of Cincinnati. The Tribune of Saturday had the following: "The Navy Baseball Club leaves here next Tuesday night at 11 o'clock on the steamer St. Lawrence for Maysville, Ky., where they play the strong team of that place on Decoration Day, at 3 p. m. The Navys will have on their strongest team as will be seen by the following batting and playing order, viz: Walker, center field; Bodemer, shortstop; Schroll, left field; Ragsdale, first base; Rietman, catcher; Gottlieb, second base; Eschemeyer, right field; Robblins, third base; Dulle and Ragsfriend, substitutes; Wm. Teller, mascot."

The Navys are said to be among the best amateurs of Cincinnati, and a big crowd will no doubt be on hand Wednesday to see the game.

BIG FLOOD IN KANSAS

Missouri River Out of Its Banks and Still Rising.

AN ENTIRE TOWN ENDANGERED

East Atchison Likely to Be Swept Out of Existence Within a Few Hours—Great Excitement Prevails and People Are Fleeing For Safety—Destructive Floods in the Northwest.

ATCHISON, Kan., May 28.—During the past 48 hours the Missouri river has risen nearly six feet. The raise was rather sudden, and great damage is being done to property in the city of East Atchison. During the past 12 hours the stream has cut away nearly 200 feet of adjoining land near that town, and the work of destruction continues.

The town of East Atchison has been protected heretofore by a strip of land known as the point and which extended for several yards into the river. This "point" has been cut away, however, and the main current of the stream strikes the town almost directly from the north. It will probably be only a question of a few hours until the current has full sway at East Atchison from this direction, and then no power on earth can save the place from being swept away.

Great excitement prevails there and a great many persons have moved to this side of the river for safety. Store buildings and houses which stood in the north end of the village are being torn down or moved by their owners. Laborers and teams from this city have been sent there to assist the citizens in removing their houses.

Just north of East Atchison there are three lines of railroad paralleling each other—the Rock Island, the Santa Fe and Hannibal and St. Joseph. The river has encroached to within less than 30 feet of the tracks of these railways and it is possible that the railways will be compelled to stop passing trains over them. Several days ago a large force of men were put to work by the railway ripping the bank in an effort to stop the encroachment.

This was stopped Saturday for the reason that no bank could be secured to continue the ripping and also that the stream washed it out almost as fast as it was placed there. It is thought nothing can be done now to prevent the cutting and citizens are either preparing to leave the place or else standing idly by watching the river on its mission of destruction.

FLOODS IN THE NORTHWEST.

Great Destruction Being Caused by Melting Snow.

PORTLAND, Ore., May 28.—The entire northwest is just now suffering from a disastrous flood caused by melting snow in the mountain ranges. The Willamette in this city is now 25 feet above low water mark and is rising at the rate of half an inch per hour.

At the Dalles, during the past 24 hours the Columbia river has risen three feet, which means a foot and a half rise at this point during the next 24 hours. The water has reached Front street and merchants on the water front are moving goods to upper stories.

In Albina, small houses are under water and the occupants have moved to higher ground.

The Spokane river and Cœur d'Alene lake are higher than ever before known, and immense damage has already been done to railroad property in western Washington and northern Idaho.

All rivers and streams flowing into Puget sound are swollen, many of them beyond their banks. The damage to railroad property and farming land is very heavy.

Washout Causes a Wreck.

NORTH YAKIMA, Wash., May 28.—Backwater from the Yakima river undermined a small bridge on the Northern Pacific railroad, 19 miles east of here, yesterday, and a freight train crashed through the bridge. Engineer Worth jumped as his engine crashed through the bridge. He was badly crushed, but will live.

The bridge crossing the Yakima river at Union Gap is partially demolished and several small ones have been carried away.

Many gardens and orchards along the lowlands have been washed away.

POLISH WOMAN ASSAULTED.

Sensational Story Told by a Priest the Only Clue to the Mystery.

CLEVELAND, May 28.—Late Saturday night a Polish woman named Mrs. Elizabeth Janicki was found wandering in the streets in the southern part of the city suffering from a bad wound in the head. She said she had been assaulted by a man, but before she could give the particulars of the assault she became unconscious and was removed to a hospital. She has not yet recovered consciousness.

Rev. A. F. Kolaszewski, the deposed pastor of St. Stanislaus Catholic church, makes a startling charge in connection with the assault. He declares that Mrs. Janicki was the principal witness in possession of information about a plot to blow him up with dynamite. When the row at St. Stanislaus church was in progress he says Stanislaus Kosciuski was deputized to place a dynamite bomb in his buggy. After his deposition Rev. Kolaszewski went to Syracuse, and he declares that Kosciuski followed him to that city, and with a crucifix in his hand confessed the part he was to take in the plot.

A short time thereafter a Polish printing office in this city was destroyed by fire. In the ruins of the building the dead body of Kosciuski was found with a knife wound in his abdomen. Rev. Kolaszewski says that Kosciuski was murdered and his body burned to conceal the crime by persons who knew of his confession, and that an attempt had been made to put Mrs. Janicki out of the way because of her knowledge of the plot.

The other faction of St. Stanislaus congregation laugh at the priest's story, but the police are investigating the assault.

The Anderson (Ind.) iron and bolt works and the Anderson flint bottle works, after being closed for some time, have resumed full operation.

A Chicago paper prints a story to the effect that Governor Altgeld is on the point of resigning his office, the reason being continued ill-health.

Charles H. Groth, formerly secretary of the Firemen's Relief association of Milwaukee, was arrested in New York as an embezzler and fugitive from justice.

At Tacoma, Major W. T. Gillespie a well known mining man, and Arnold Bernsberger, a stationary engineer, were killed by a cave-in of the bluffs.

Rev. Edgar H. Gray, a well known Baptist minister, and chaplain of the United States senate at the time of President Lincoln's assassination, died in San Francisco, aged 80 years.

Isaac Hurst, one of the most prominent citizens of Uniontown, Pa., and Charles Hatfield, have been arrested, charged with the killing of a Slav at Bedford, Pa., after the Paddock murder.

Valentine Blatz, the millionaire brewer, who owns large manufacturing establishments at Milwaukee, St. Paul and elsewhere, died at the Hotel Ryan, St. Paul, at 10:30 Saturday evening.

All streams flowing into Puget sound are over their banks and all the surrounding towns are inundated and business suspended. Three miles of the North Pacific railroad tracks have been washed away.

Charles Snow, George Anderson and Bob Clark escaped from jail in Cleveland at broad noon. Confederates on the outside had cut the bars in a window, and the prisoners wrenched out the bars, tied a quilt and slid to the ground.

Charles A. Spofford, who declined to turn over certain books in his possession for the use of the Northern Pacific railroad investigation, has been adjudged guilty of contempt of court by Judge Lacombe of the United States circuit court at New York, and ordered to pay a fine of \$250.

The Cobb-Edgington Shooting.

The examining trial of the Cobb-Edgington shooting affair was concluded in Squire Grant's court Saturday. The charge against Charles Cobb for shooting and wounding Frank Edgington was dismissed, as was also the charge against Edgington for shooting at another without warning.

Edgington was then fined \$10 and costs for using abusive and insulting language to a female, and was also fined \$25 and sentenced to thirty days in jail for carrying concealed weapons.

Cobb and Edgington were recognized in the sum of \$100 to keep the peace.

Partners Disagree.

The firm of I. Greenstein & Co., composed of Mr. Greenstein and Mr. Samuel Rivitz, made an assignment this morning to Mr. D. Hechinger. Mr. Rivitz did not sign the deed of trust. He claims his partner is trying to crowd him out of the business.

The two got into a dispute Saturday night and came to blows. As a result of this each were fined \$5 and costs in the Police Court this morning.

Mr. Rivitz has enjoined his partner from removing the books and goods.

We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try one. Large bottles only fifty cents at J. J. Wood's drug store.

Rains are prevailing it seems throughout the entire country, and it is essential to have a tarpaulin that is positively "water proof." Frank Owens Hardware Company make any size wanted, no matter how large or small.

Mrs. ANN ALEXANDER, the venerable mother of ex-Sheriff Alexander, was stricken with paralysis Saturday night at the home of her son, Squire Alexander. She was somewhat better this morning, but is still in a serious condition.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
